Mukul Gupta

MERN Stack Developer | MongoDB · Express.js · React.js · Node.js
New Delhi, India | +91 8445505515 | mgofficial20@gmail.com | LinkedIn | GitHub

Professional Summary

MERN stack developer with 3+ years of experience building and owning production web applications end to end with MongoDB, Express.js, React.js and Node.js. Skilled in REST API design, JWT authentication and role-based access control, MongoDB schema design and query optimization, Redux state management, and performance tuning. Experienced deploying on AWS with Docker and GitHub Actions CI/CD, and working directly with client stakeholders from requirements to post-launch support.

Technical Skills

Languages:	JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL
Frontend:	React.js, Redux Toolkit, Context API, Next.js, Vite, Tailwind CSS, Responsive Design
Backend:	Node.js, Express.js, REST APIs, Middleware, JWT, OAuth 2.0, bcrypt, RBAC, Socket.io
Databases:	MongoDB, Mongoose, Aggregation Pipeline, Change Streams, PostgreSQL, Redis
DevOps & Tools:	AWS (EC2, S3), Docker, Nginx, GitHub Actions, CI/CD, Git, GitHub, GitLab, Postman
Testing & Docs:	Jest (unit & integration), API testing, Swagger/OpenAPI

Professional Experience

MetaDesign Solutions **Mar 2025 – Jul 2026**
Software Engineer (MERN) *Gurugram, India*

- Delivered MERN features end to end across multiple client projects, owning schema design, REST APIs, React frontend and post-launch support.
- Built secure REST APIs with Node.js, Express.js and MongoDB using JWT authentication and role-based access control.
- Optimized MongoDB queries, indexes and API endpoints, reducing response times by 30%.
- Set up a modular React architecture with Vite, improving build times and component reuse across the codebase.
- **CyberforceHQ** (hiring & assessment platform): built React + TypeScript frontend and Node.js services; used MongoDB Change Streams for real-time sync, cutting latency by 70%; built an automated assessment-test generator that cut manual effort by 80%; added recruiter shortlisting/bookmarking and GitHub Actions CI/CD.
- **Government Public-Services Portal**: improved performance via code splitting, lazy loading and bundle optimization, reducing initial load time by 38%; optimized state management and data fetching to cut unnecessary re-renders.

PearlThoughts **Aug 2024 – Sep 2024**
Software Engineer Intern *New Delhi, India*

- Built responsive interfaces with React, Context API and Tailwind CSS; integrated Cloudinary media uploads and Nodemailer emails; deployed via Render and GitHub.

Tradezie Retails Pvt Ltd **Sep 2021 – Sep 2022**
Software Engineer *New Delhi, India*

- Built reusable UI components with React and Redux Toolkit, including a course catalog with search, filtering and detail pages.
- Integrated Stripe payments (card, UPI, wallet) with real-time confirmation, and built cart and checkout flows that increased checkout completion by 30%.
- Improved load performance through lazy loading, code splitting and image optimization.

Projects

Real-Time Collaboration API | *Node.js, Express.js, Socket.io, MongoDB, OAuth 2.0, Nginx, AWS EC2* Dec 2024 – Jan 2025

- Built a WebSocket service for multi-user document sessions with presence tracking and conflict-safe update ordering.
- Implemented JWT + OAuth 2.0 auth with RBAC (workspace, editor, viewer); deployed behind Nginx on AWS EC2 with GitHub Actions CI/CD.

Distributed Task Queue Service | *Node.js, TypeScript, Redis, BullMQ, PostgreSQL, Docker, Jest* Oct – Dec 2024

- Designed a background job service with retry, backoff and dead-letter handling, exposing job status via a Swagger-documented REST API.
- Containerized API and worker tiers with Docker Compose; added Jest unit and integration tests for queue lifecycle and failure paths.

Education

Galgotias University **2022 – 2024**
Master of Computer Applications *Greater Noida, India*

Guru Gobind Singh Indraprastha University **2018 – 2021**
Bachelor of Vocation, Software Development *New Delhi, India*

Certifications

Infosys Springboard – React JS Certification | Coursera – Modern JavaScript Fundamentals
